In a region pursuing widely divergent economic policies with equally divergent degrees of success, Walter Molano, one of *Latin Finance's* top-ranked economists for Latin America, tells the complex story of a country that only a century ago was on par with the economic development of the U.S. and Europe, but has since fallen behind. While the Argentine case has been the subject of derision, broad simplifications, and stereotypes, geography and external forces played a significant and inevitable role in shaping the country's destiny. In this timely and concise read, Dr. Molano shares his pragmatic analysis of one of the major players in this critical developing region.

January 28 (Tues.), 5:30 ~ 7:00 pm

Downtown Harvard Club

One Federal Street, Boston 02110 ([directions](#))
Note: Photo ID required. On-site parking: \$10

[Register here!](#)

\$15 WorldBoston Members / \$25 General Admission
Price includes a trio of delicious chowders, and non-alcoholic beverages. A cash bar will also be available. The author will sign books following the program.
