Escalation of sanctions on Russian entities, changing sanctions landscapes in China, Nicaragua, Africa and Sudan, and possible new sanctions approaches in Venezuela, present unique challenges to policymakers and to Emerging Markets investors. What has changed and what may be around the corner? This will be a unique opportunity for you to ask questions on how sanctions work generally, as well as their affect on the aforementioned countries. This EMTA Seminar will provide a timely update on US sanctions by a panel composed of leading legal practitioners in the area of OFAC regulations and U.S. government officials, and will cover facts as they exist at the time of presentation.

***Support Provided by Cleary Gottlieb Steen & Hamilton
and Davis Polk & Wardwell.***
